**GLEAM OF HOPE**

*By Pastora Acosta*

“In all things I have shown you that by working hard in this way we must help the weak and remember the words of the Lord Jesus, how he himself said, ‘It is more blessed to give than to receive.’” Acts 20:35

Following His example ‘It is more blessed to give than to receive’ CPH has been that “**gleam of hope**” in the middle of this pandemic by helping many families who’ve been struggling to provide food for their families since losing months of income due to coronavirus shutdown and curfew restrictions in our country. Around 300 families who survive on the day by day income has been received this blessing in the local churches and schools.

When the moms received the call to go receive this blessing they were overjoyed because for them it literally means when they received each bag of food it was more than beans, rice, corn flour, grease, coffee, etc., it’s the loudest way to say: **we pray for you; we care for you and we love you during this time** when everybody is quarantined & feeling forgotten. Some of the moms were worried about not getting the cookies & milk because everything is shutdown, knowing that sometimes CPH is the only resource they have to feed their children who are in the project, but by the mercy of God and His work opening doors we were able to bake cookies and deliver them to the projects. When the world shutdown God increased the opportunities for us to display His glory in new ways. Also, it was an opportunity for us to share God’s word and His promises for us. We pray that God will continue using “**You & Us**” to share His love and truth.

I’m truly grateful for your faithful support to Cookie Project Honduras. It’s making a difference in our children, families, churches, schools, and communities bringing the hope Jesus Christ and support to build a new and better future for them! G R A C I A S!

**I am grateful to God for his love and faithfulness to my family and country!**

During this time of pandemic, we have seen how God has acted and has been in control of every situation. Thanks to Him, the children of the different villages have been able to receive their cookies and hygiene supplies. All families are grateful to Cookie Project and they send their love to all the people who support this ministry.

I want to share the story of a child from the project. A few weeks after this epidemic started the women in charge of distributing the cookies in El Naranjal delivered the cookies to a little boy (cookies for approximately 2 weeks) but this boy, having nothing else to eat, finished his cookies in just 3 days (this shows the urgency of the hour) .

Due to the pandemic many men have lost their jobs and their income has decreased. But thank God, Cookie Project was able to share with these families a food supply for one month. And then another organization was able to provide food for another month.

I can only say “Thank you God” for your faithfulness and prayers at all times. Thank you all who continue to pray for our country and for our families. We trust God, we are in His care! And it is our prayer that God will Bless You and keep you well there in the United States.

God bless you!
